

WRIST APRIL 2007 NEWSLETTER

CORNHOLE TOURNAMENT

The Tournament will be held May 30th during the MOAR RPAC Auction.

The registration fee is only \$25.00 per team and all the registration fees will be donated to RPAC in the participant's name. Teams are made up of two people (any gender) and trophies will be given to the top two teams. Offices may register more than one team.

This is a great way to meet your fellow Realtors, raise money for RPAC (our political action group) and have fun. We are limiting registration to only twenty-four teams so don't delay in contacting WRIST to register your team.

MAY C/E Classes Cancelled!

The May 2007 C/E Training Classes at WRIST have been cancelled to allow time for the MLXchange Version 3.0 rollout.

MLXCHANGE VERSION 3.0 COMING TO A PC NEAR YOU!

MLXchange 3.0 is being rolled out in the Beta accounts and we are tentatively scheduled for the first half of May, 2007. This is the first release in over a year and a half and is full of enhancements that our membership will benefit from.

Some of the enhancements include:

- | | |
|------------------------------------|--------------------------------|
| Spell check | Synergized to Outlook |
| Office listing button for websites | New web templates |
| Fax in attachments for listings | Improved CMA |
| Client action plans | My listing section on homepage |

These are just a few of the many enhancements. We will be announcing a roll-out schedule and training classes once we have a confirmed deployment date. We will offer training at a number of different locations (similar to the GeoJet rollout) and include free CE for all in attendances.

Keep watching the Message of the Day for details.
